# Welcome to EU Business School

We live in a fast-paced era in which education is no longer about acquiring information, but rather developing key skills and learning how to evolve with the world around us.

After your time with us, you will walk away with more than a degree and in-depth knowledge of business. You will have learned about yourself and how to communicate with people from a diverse range of backgrounds. You will have continued to grow and develop, both professionally and personally, enabling you to seize the new opportunities available to you.

We will help you be entrepreneurial, think for yourself, learn from your mistakes and, most of all, take advantage of the opportunities that will arise throughout your career. These attributes are ingrained into the EU Business School DNA. The rest is up to you.

You will face many challenges as you push boundaries within yourself and in the world around you. You will not be alone – we will accompany you along your path to success. From our Career Services Department to our global network of EU alumni, you will have access to dedicated business professionals to guide you as you establish yourself in the world of business. So, if you are looking for the best chance at a future of endless possibilities... start here.

We look forward to seeing you on campus.

# Master's Programs

The master's programs at EU Business School (EU) are designed to prepare you for a specialized area of business while providing a balanced understanding of fundamental concepts. Innovative skills-development and project-based modules ensure that you will develop the work-ready competences required by industry today.

## ABOUT THE MASTER'S PROGRAMS

The master's programs at EU Business School (EU) in Geneva are one-year, three-term, full-time programs (60 ECTS), with start dates in October, January and March, which are taught exclusively in English.

As a master's student at EU Geneva, you will develop your business personality, hone your management and leadership expertise and acquire real-world skills for career success. Each term comprises subject-specific courses plus a project-based module, in which you will work in transversal groups as you would when working for companies, and a skills-development module, designed to ensure you gain the specific competencies required by industry today. As part of EU's experiential and hands-on learning approach, students will also participate in case studies and company visits, as well as the innovative Business Immersion Weeks which take place every term.

In order to graduate and to enhance your career opportunities, you must also complete an internship related to your field of study, where you will apply classroom theory and gain further real-world professional experience. You will also be required to prepare an Internship Report reflecting the research and analytical skills acquired during your studies and internship.
